

Both outdoor&indoor rental use led display (PIN connection)	JY-500C	Cabinet size: W500mm x H500mm Cabinet material: Diecast aluminum Weight: 6.7kg/pc Brightness: ≥3500cd/sqm Weatherproof grade: IP65 Pixel pitch: 2.604mm, 2.976mm, 3.91mm, 4.81mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Conference, Stage, Live events	2 in 1 power box, without cables inside power box, more stable performance Flight case packing	 
	JY-1000C	Cabinet size: W500mm x H1000mm Cabinet material: Diecast aluminum Weight: 10.25kg/pc Brightness: ≥3500cd/sqm Weatherproof grade: IP65 Pixel pitch: 2.604mm, 2.976mm, 3.91mm, 4.81mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Conference, Stage, Live events	2 in 1 power box, without cables inside power box, more stable performance Flight case packing	 
Indoor small pitch	JY-640X	Cabinet size: W640mm x H480mm Cabinet material: Diecast aluminum Weight: 4.5kg/pc Brightness: ≥800cd/sqm Weatherproof grade: IP33 Pixel pitch: 1.53mm, 1.86mm, 2mm, 2.5mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Meeting room, Church, Station, Restaurant, School, Hospital	Front maintenance	 
	JY-640Y	Cabinet size: W640mm x H480mm, W640mm x H640mm Cabinet material: Iron Weight: 7kg/pc Brightness: ≥800cd/sqm Weatherproof grade: IP33 Pixel pitch: 1.53mm, 1.86mm, 2mm, 2.5mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Meeting room, Church, Station, Restaurant, School, Hospital	Front maintenance / Rear maintenance	 

Outdoor use fixed led display	JY-960E	Cabinet size: Customized Cabinet material: Iron Weight: 35kg/sqm Brightness: ≥4500cd/sqm Weatherproof grade: IP65 Pixel pitch: 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, 10mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Shopping plaza, Stadiumn, Station, Park, Truck	Wiring inside /outside the cabinet Rear maintenance, front maintenance is available		
	JY-960D	Cabinet size: W960mm x H960mm Cabinet material: Diecast aluminum Weight: 30kg/pc Brightness: ≥4500cd/sqm Weatherproof grade: IP65 Pixel pitch: 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, 10mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Shopping plaza, Stadiumn, Station, Park, Truck	Wiring inside /outside the cabinet Rear maintenance		
	JY-960F	Cabinet size: Customized Cabinet material: Iron Weight: 35kg/sqm Brightness: ≥4500cd/sqm Weatherproof grade: IP65 Pixel pitch: 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, 10mm Installation method: Hanging, Stacking, Wall mounting Input power: 220v-240v, 110v-240v Application: Shopping plaza, Stadiumn, Station, Park, Truck	wiring inside the cabinet front maintenance		
	JY-960G	Cabinet size: W960mm x H960mm, W960mm x H640mm Cabinet material: Iron/Aluminum Weight: 35kg/sqm Brightness: ≥5000cd/sqm Weatherproof grade: IP67 Pixel pitch: 6.67mm, 8mm, 10mm Installation method: Hanging, Stacking, Wall mounting Input power: 220v-240v, 110v-240v Application: Shopping plaza, Stadiumn, Station, Park	wiring outside the cabinet front & rear maintenance		

Indoor transparent	JY-500T	Cabinet size: W1000mm x H500mm, W1000mm x H1000mm Cabinet material: Aluminum Weight: 12kg/sqm Brightness: ≥800cd/sqm Weatherproof grade: IP33 Pixel pitch: H3.91-V7.82mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Club, Exhibition, Restaurant, Shopping mall	Low brightness Round shape needs to be customized		
	JY-1000T	Cabinet size: W1000mm x H500mm, W1000mm x H1000mm Cabinet material: Aluminum Weight: 12kg/sqm Brightness: ≥4000cd/sqm Weatherproof grade: IP33 Pixel pitch: H3.91-V7.82mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Show window, Glass wall	High brightness Round shape needs to be customized		
Indoor advertising player	JY-001	Display size: 108" / 145" / Others Cabinet material: Aluminum Weight: 15kg/sqm Brightness: ≥600cd/sqm Weatherproof grade: IP33 Pixel pitch: 1.53mm, 1.86mm, 2mm, 2.5mm Installation method: Movable, Sitting Input power: 220v-240v, 110v-240v Application: Library, Conference	All-in-one With speakers		
Both outdoor&indoor dance floor led display	JY-002	Cabinet size: W500mm x H1000mm, W500mm x H500mm Cabinet material: Iron Weight: 21.5kg/pc Brightness: ≥5000cd/sqm Weatherproof grade: IP65 Pixel pitch: 3.91mm, 4.81mm Installation method: Sitting, Built-in floor Input power: 220v-240v, 110v-240v Application: Stage, Live events	Built-in sensor chip or external infrared sensor radar is optional		

Special-shaped flexible led display	JY-003	Cabinet size: Customized Cabinet material: Iron Weight: 25kg/sqm Brightness: ≥4000cd/sqm Weatherproof grade: IP33 Installation method: Hanging, Stacking, Sitting Input power: 220v-240v, 110v-240v Application: landmark, Live events, Show room, Science Museum	Customers need to provide CAD drawings		
Cube led display	JY-004	Cabinet size: W500mm x H500mm x L500mm / Others Cabinet material: Iron Weight: 30kg/set Brightness: ≥800cd/sqm Weatherproof grade: IP33 / IP65 Pixel pitch: 3.91mm, 4.81mm Installation method: Hanging, Sitting, Wall mounting Input power: 220v-240v, 110v-240v Application: Conference, Stage, Live events	Indoor usage or outdoor usage is optional		
Poster led display	JY-005	Cabinet size: W746mm x H1810mm x D40mm Cabinet material: Aluminum Weight: 35kg/set Brightness: ≥600cd/sqm Weatherproof grade: IP33 Pixel pitch: 2.5mm Installation method: Hanging, Bracket standing Input power: 220v-240v, 110v-240v Application: Auto-Show, Shopping Mall, Financial Institution, Public Places, Real Estate	Audio, video, photo, text in Landscape, vertical, full or split screen Outdoor type is customized		
LED Signage board	JY-006	Cabinet size: Customized Cabinet material: Steel structure+Frame Weight: 15kg/sqm Color: Full color, Red, White, Green, Blue Weatherproof grade: IP33 / IP65 Pixel pitch: 10mm Installation method: Hanging, Stacking Input power: 220v-240v, 110v-240v Application: Bus, Door head, DIY	SMD type or DIP type is optional
